CVRC'S role in addressing IPV ON CAMPUS

CURRENT BARRIER

- Lack of institutional funding.
- Diminished privacy associated with reporting IPV.
- Multiple points of contact during reporting results in inconsistent support.
- Decentralized process requires students to visit multiple places for services.
- Current campus responders not trained to deal specifically with IPV.

ROLE OF CVRC

- Grant provides funds for innovative on-campus practices and staffing.
- CVRC is a confidential & safe space where privacy is better protected.
- CVRC Navigator will serve as a consistent point of contact for the survivor.
- CVRC is a centralized & inclusive space that prioritizes the comfort of the survivor.
- CVRC staff well-trained and specialized in responding to IPV and related trauma.
